

I am writing with regards to the potential of a favorite and invaluable radio station being displaced by an LPFM broadcaster. Airl has been a tremendous boon for me and my wife. With so much garbage and negativity being broadcast across radio waves, Airl is a stand against that garbage. They have been of tremendous support when I have called on them and I know they benefit other lives worldwide. If Airl were to be displaced by an LPFM broadcaster, I don't know where we would turn for the same resource. There are many friends that I know who also benefit much from the ministrations of Airl. People need some where to turn for support, and Airl is one of those few places. Please do not take away our support. Thank you.
